SECTION 5 -OBSOLETE SERVICE OFFERINGS, (CONT'D.)

Plan E Service is no longer available to new Customers.

5.27 Plan E Service

(M)

5.27.1 General Description

Plan E Service is an optional calling plan offered at the rates and charges specified below to Residential Customers for prepaid switched equal access direct-dialed intrastate interexchange outbound calling service. Plan E Service Residential Customers receive a single flat rate per minute, 24 hours a day, seven days a week for all intrastate direct-dialed calling. Plan E Service utilizes Residential Customer-provided switched access lines that are presubscribed to the Company.

This service cannot be selected for IntraLATA calling only.

Initial prepayments for service and replenishments may be made in any whole dollar increment at or above the minimum amount of \$10.00. Prepayments must be received by the Company or its authorized agent prior to the establishment or replenishment of the Residential Customer's prepaid account. The Company must receive verification of payments made via credit card or check cards (issued by Visa or MasterCard) from the authorized agent or financial institution prior to crediting an account. Account details, including calling activity and other charges, may be viewed by the Residential Customer at a Web site designated by the Company via the Internet at no extra charge. Residential Customers who elect prepaid service will not receive printed monthly statements, but may request a printed statement of account activity for the previous 30 days. Residential Customers requesting account statements will be charged per account statement as specified below. The charge will be deducted from the Residential Customer's prepaid account balance.

SECTION 5 -OBSOLETE SERVICE OFFERINGS, (CONT'D.)**5.27 Plan E Service, (Cont'd.)**

(M)

5.27.1 General Description, (Cont'd.)

For the Residential Customer who elects pre-paid service, the available balance that may be applied to prepaid presubscribed switched equal access direct dialed intrastate interexchange outbound calling service is the net amount after the Company has deducted Residential Customer-elected charges, e.g., charges for statements of account. The Residential Customer who elects pre-paid service will be notified of the account balance available for calling and the time available for a call by a network recording at the beginning of each call. At the Residential Customer's option, the Residential Customer will also be notified of the available balance for calling at the end of each call. The Residential Customer will receive warning messages as the account balance is nearing depletion. Once the Residential Customer's available balance for calling has been depleted, the Residential Customer will be unable to place a new call, or continue a current call, using the Company's Plan E service until the available balance for calling is replenished. The routine depletion and replenishment of the available balance for calling does not constitute suspension of service under this tariff.

SECTION 5 -OBSOLETE SERVICE OFFERINGS, (CONT'D.)
5.27 Plan E Service, (Cont'd.)

(M)

5.27.1 General Description, (Cont'd.)

The Plan E Customer may elect to have the account automatically replenished through a pre-authorized credit card arrangement. The automatic replenishment can either be a monthly automatic deposit or a replenishment that is triggered when the balance in the account reaches a threshold specified by the Customer, as described below. The Customer may arrange for monthly automatic replenishment pursuant to Company-presubscribed procedures. A date of the month, 1 through 30, may be selected. In February, when day 29 or 30 is the selection, the automatic replenishment will take place on the 28th, except in a Leap Year when, if the 29th or 30th is selected, the automatic replenishment will take place on the 29th. The monthly automatic replenishment amount will be determined by the Customer. The monthly automatic replenishment shall be a whole dollar amount between \$10.00 and a maximum of \$999.00. The Customer may also arrange for automatic replenishment when the account balance falls below a Customer designated dollar threshold with a minimum threshold of \$5.00 and a maximum threshold of \$999.00. The threshold must be a whole dollar amount. When the threshold is reached, the recharge amount specified by the Customer will be automatically added to the account balance. The replenishment amount must be between \$10.00 and \$999.00 and must be a whole dollar amount. If for any reason the credit card company does not authorize any given automatic replenishment selected by the Customer, the automatic replenishment feature will be suspended until the Customer contacts the Company and reestablishes the service.

The Residential Customer with a remaining available balance who discontinues the Company's prepaid service, or whose service is discontinued by the Company, shall be issued a refund within 90 days of cancellation. All refunds will be provided to the Residential Customer of record by check or credit card refund, depending on the method of payment.
